

Returning to School

Social Story

Over the past few months, I have not been at school. I have been staying at home because of coronavirus. During this time, I have been doing my schoolwork with my parents/carers.

All of my friends from school have also been staying at home. Schools have been shut to keep me and my friends safe from coronavirus.

Welcome back to school!

Doing my schoolwork at home has been fun but now it is time for me to go back to school, see some of my friends and do my schoolwork with teachers. To begin with, only certain classes will be going back. This is okay.

I need to maintain social distance on my way to school.

I will receive a timetable from school to let me know when I am expected in, which entrance to use and where to go.

I can ask my parents / carers to phone Mr. Wooding if there is anything we are unsure about before I need to be back in.

Contact details

Call 02088630877 and ask for Mr. Wooding from Inclusion.

My teachers and friends will be happy to see me back at school. When I go back, some things will be different. This is to keep me safe. I might find the changes difficult at first but my teacher will be there to help me. Everyone finds change hard. This is okay.

Going back to school will be fun. I must try to remember that the changes are to keep me safe.

Firstly, I need to clean my hands at the entrance using sanitizer.

Then I need to walk to my classroom maintaining social distancing.

I can say, “Hi” to my friends.... but no touching.

I need to use the table and chair I am asked to be at.

I might be taught in a smaller class, which may be in a different classroom and with a different teacher.

I must keep washing my hands for at least 20 seconds when handwashing.

I must try to stay two metres away from my friends and teachers.

If I am going to sneeze or cough, I must do this into a tissue then put the tissue in the bin and wash my hands.

My teachers will be proud of me for trying to remember what I need to do to keep safe at school.

Now I know how to keep myself and others safe at school.

What happens if I have a problem?

Do not worry.

If I have a problem, I can talk to the teacher who is teaching me.

After school I can go home safely maintaining social distancing.

As soon as I get home, I need to clean my hands.
