

## Key Annual Educational Trips and Visits

Trips designed for whole year-group.	
Trips open to whole year group, but limited in places and/or optional.	
Trips designed for specific subjects or groupings.	

In addition to the key regular trips listed there are a considerable number of less regular trips. For instance, several competitions, such as the UKMT and the Salter's festival of chemistry, generate trips when local success leads to entry into national competitions, and theatre and drama trips are arranged as suitable opportunities arise. Please find below a list of visits that are likely to run in 2019-2020 or are run biennially. We hope this gives you an indication of what to expect with regards to Trips and Visits at Nower Hill High School. Due to various reasons we reserve the right to cancel or change the visits on this list.

We have also included a key for the approximate expense of the visit.

£ = low cost (free to approx £50)

££ = medium cost (between £40-£250)

£££ = high cost (above £250)
